WHY CHOOSE A TRAVEL 903?

The Travel 903 extends your range at full throttle and ships with our weedless propeller, perfect for powering your small sailboat or exploring lakes and rivers with the family. Discover the unknown and create unforgettable moments on the water - in complete silence, emission-free and with full respect for our natural and human environments.

High performance, speed and range*

Travel 903 - as tested on an inflatable dinghy

7.1 km/h (4.4 mph) - 1:12 hr
5.8 km/h (3.6 mph) - 2:21 hr
3.0 km/h (1.9 mph) - 13:00 hr

Travel 903 - as tested on a fishing boat

7.9 km/h (4.9 mph) - 1:10 hr
6.1 km/h (3.8 mph) - 2:57 hr
3.9 km/h (2.4 mph) - 13:00 hr

* Dependent on factors such as type of boat, load, propeller and ambient conditions. Figures for speed and range are indicative only and are not a guarantee of performance.

Travel in style

Like all products from Torqeedo, Travel motors are offered with a full suite of high-tech accessories. Choose a stylish bag set, or it's easy to add a spare battery or a remote throttle for operating the motor from the helm instead of the tiller.

Solar power everywhere

New for 2023, it's even easier to Travel on solar power! **The new solar charging cable** allows you to connect your battery to a third-party solar panel up to 160 W with a standard MC4 connection. Or, choose our Sunfold 60 solar panel.
